ABOUT US

Horizon Rope Access is an Australian owned and operated business managed by brothers Alex and Chris Fisher. With over 20 years combined industry experience, we provide a range of services in difficult to access areas whilst still maintaining a high quality finish.

Horizon Rope Access has highly skilled rope access technicians ready to tackle any job. Our team is experienced in window cleaning, facade pressure cleaning, building maintenance, anchor installation and our main focus, painting, where we hold a painting and decorating QBCC licence.

We have built our business on a high standard of work, safety and communication. Servicing South East Queensland, Horizon Rope Access offers a personalised service with a high attention to detail while remaining price competitive which has earned us a great reputation.

OUR TEAM

Alex Fisher

Co-owner

Alex started his working career in rope access as a window cleaner at age seventeen before learning about glazing and anchor installation. He quickly became a qualified painter and holds a QBCC for painting and decorating. Alex handles customer relations and builds lasting relationships with all of our clients.

Chris Fisher

Co-owner

Chris started his rope access career at the age of eighteen after a couple years of carpentry. His vast range of skills picked up on different projects from GEO work on rocky cliffs to working on Brisbane's tallest buildings has been pivotal in completing all jobs to the high standard we expect at Horizon Rope Access.

The Rest Of Our Team...

Our dedicated team of 15 highly-skilled and passionate staff continuously strives to deliver exceptional results and exceed our clients' expectations. The synergy among our team members, under the expert guidance of Alex and Chris, fosters an environment where safety and quality remain at the forefront of our company ethos. Despite their vast experience, both Alex and Chris are hands-on and actively involved on-site, personally overseeing defect inspections and final checks before project handover.

- ✓ Full Re-Paint of walls
- ✓ Paint Handrails, Steel
- ✓ Structures and Bridges

COMPLETED PROJECTS

Hilton | Surfers Paradise

We are proud to have completed the entire repaint of one of the most illustrious names and largest buildings the Gold Coast has to offer. Our team completed both the 'Orchid' and 'Boulevard' towers at the Hilton Surfers Paradise within the agreed timeframe and the highest quality.

"There were 588 apartments in total, requiring cleaning, rectification works and repainting. We did not receive a single complaint during the project.

We had La Nina and IOD (Indian Ocean Dipole) weather influences with difficult weather days. Despite these challenges Horizon worked very efficiently to make up for lost time and the project was completed on schedule.

The hotel Chief Engineer and General Manager were both highly impressed with Alex and Chris and their team."
